

Timestamp	What is your top concern with Hampton Place?	Please elaborate on the previous question. How can Hampton Place HOA and Committees meet this need for you?	What is your favorite thing about Hampton Place?	How do you engage with Hampton Place?	Do you feel informed/connected to Hampton Place?	Do you plan on attending the Hampton Place Neighborhood meeting this year?

2/18/2016 15:45:01	I dont feel well informed	Stop using Nextdoor.com for inter-HOA communication. Go back to the broadcast-email method of informing homeowners of subdivision news; and forwarded info. from CMPD and the City/County, targeted to our area, was appreciated.	I love my neighbors	We are not aware that there is a "Hampton Place" website. Cedar Management's site is all about Cedar Management; which obviously does not include a website link for individual HOAs.	4	2

2/20/2016 19:44:49	Don't see anything being done except the Social Comm. Also..... don't think the HOA is no more than a paper board. We need to have as many meetings as we are required to pay these fees. Need to know where money is really going to.		Don't really have 1. I love the folks I know on the community. However, that is only the ones I get a chance to talk with/interact for whatever reason from time to time, or on a regular basis. The Social community is 'top Notch' with and for me because they show real concern as well as commitmen. 2/21/2016 20:26:56	Lack of amenities	Establish a clear line of communication between the homeowners, and the board. Also, minutes of the HOA meetings should be available/accessible for those homeowners unable to make the meetings. For example, I am usually working out of town during the week, missing out on these meetings.	I love my neighbors	Nextdoor.com	3	2

What event would you like Hampton Place to host that we currently do not today?	What do you look forward to most about the Easter Egg hunt on March 26th?	Free text
	Meeting/seeing neighbors	
		Cars speed on Hampton Place Dr and there are children playing. We should have the development salted for inclement weather. We pay enough in fees.
Any information regarding board members and contact aside from Nexdoor		The board (if there is one) seems to be in hiding. There is no incentive to attend meetings when you feel no connection. Nextdoor is not adequate in keeping residents informed about what is going on in our neighborhood! How about a mailing....or a Hampton Place website....publishing names and positons of board members and a way to make contact. Tell us what is going on regarding the pool....hours open etc. How about publishing board meeting minutes? I feel like I (and my neighbors agree) are kept in the dark. Nextdoor is a social network.....not adequate for communicating any important information we need to feel informed.
	Didn't know there was one.	When is the connector to the greenway going to be done?
adult pool party		Hampton place is a great community overall Copied from Cedar Management website (below). So why haven't we taken advantage of their options for inter-HOA communication? It seems we have just copped-out by using nextdoor.com. We do not care to wade through postings from every other subdivision for miles around! A simple website dedicated to our homeowners would allow more security while sharing concerns; the communication should be password-protected and not accessible to other communities. For instance, when the date for our Halloween was advertised, we got crowds of kids car-pooled in from other subdivisions. One rowdy group nearly knocked down some of our small neighbors; and we ran out of candy before our own kids arrived. "Cedar can provide information and direction to establish Internet communication and/or website creation and provide the Board with a member database that can easily be updated for mailings to the members. We also have electronic newsletter function and printed/mail newsletter options. We provide a balanced approach between technology and communication and we provide the board with a complete suite of options to help better inform and involve those that live in your community."
Host a basic website or even a community bulletin board, for our community only, NOT using social media. The old style method of communication was better.	We don't have small children; but it is wonderful - IF you actually call it an "Easter" Egg hunt.	
	Seeing the kids have fun. See some neighbors.	
Many of the events require a location to host the event such as a club house	meeting my neighbors	let's give our neighbors a place to meet and get together by starting the club house.
What happened to clubhouse?	No comments	
I would like more pool parties- let's have a grill or two going and people can bring their own meats and beverages.	Buying sandwiches :)	I like the direction we are moving in, let's keep it positive!!!
		Landscaping and lighting in need of attention at community entrances.
Street block party	Do not attend	
	Love to see my little ones running around to get eggs with friends in a save and fun environment	
sports day		Will be nice to see more police time precense
VETERANS DAY..... Social committee has tabled this.	getting acquainted with neighbors and seeing the kids have fun.	It would be nice for the Pres. of the HOA to attend all committee meetings.
Neighborhood walk?		Mike, thanks for taking the initiative to learn more about the needs of our community, and formulating solutions. Every neighborhood needs people like you to thrive. I always look forward to reading your posts on Next Door as they are very informative. Thanks again!
neighborhood watch	Hampton Place desperately need volunteers to become block captains.	Hampton Place is a great place to own a home and raise a family; however if the home owners do not take an active interest in protecting it's environment we shall become another statistics.
Have a neighborhood FB or Twitter?	Glad it is happening.	Overall great neighborhood. My quibbles are minor. Thanks for doing the survey.
Not Sure	Not Sure	
Meet and Greet	Seeing fellow residence within the neighborhood that I don't see on a noram basis.	
	Wasn't aware there was an Easter Egg hunt	Please add my email address to receive communications and when is the neighborhood meeting - *****@yahoo.com
